

Our Mission is to have fun!

Founded in 2006 as a non-profit group, The Suites Owners International Travel Club is a social club of DRV owners. Although completely separate from DRV, we serve as a liaison between DRV and owners of their luxury line of 5th wheels. Our mission as a social group is to first have fun so we hold rallies and lunch events throughout the year and in various parts of the country, including Canada on occasion. Once a year we hold one large "International Rally" and the rest of the year we hold smaller regional and state rallies where it is easier to meet other owners and make friends. Then during the winter months, we also have members who host luncheons or dinners at a local restaurant in some of the "Snowbird states" like Florida, Texas, Arizona and most recently Alabama.
